

To: Town of Canandaigua,

Hello,

On 12/14/2021, Erie Electric Corporation had submitted a bid for the Brickyard Road Tank & Transmission Main Project No. 0610.19002

Our Bidding Software Accubid did not correctly scale the prints. After reviewing this issue and addressing it with Accubid, it resulted in a difference of roughly 90k that would be an add to the overall project.

Due to these clerical errors which resulted in an incorrect number. We are asking that Erie Electric please be disqualified from this bid and the bid in the amount of \$252,000 be withdrawn without penalty.

We thank you for your consideration and understanding in this matter,

Please feel free to reach out to me directly with any questions.

Thanks,

Jessica Korn
President
Erie Electric Corp
