

Gateway Community Power ELECTRICITY SUPPLY PROGRAM IS COMING TO CANANDAIGUA

The Town of Canandaigua is planning to join an upcoming bid to consider electricity supply options.

This community choice aggregation (CCA) program enables municipal leaders to leverage the purchasing power of residents and small businesses to negotiate more favorable terms on their electricity supply, protect consumers and support renewable generation sources.

If your municipality selects an electricity supplier, eligible residents and businesses will receive a letter in spring/summer 2023 with info about the program, their choices, and info about how to opt-out.
